**Re: Public Records Act Request Regarding Any Report Filed by PG&E Regarding the
Camp Fire from November 7 to the Present.
CPUC Reference No.: PRA #18-541**

Dear Mr. Campora:

On November 13, 2018, you asked the California Public Utilities Commission (Commission) to provide you a copy of the following:

Please provide me with copies of any report, filed by Pacific Gas & Electric Company, with regard to the Camp Fire, near Paradise, California. I am requesting any filings which were received by the CPUC from November 7 to present.

Available on the Commission's website under the "News & Updates" section is the web link - [Wildfires](#). On that page are the downloadable copies of initial Electric Safety Incident Reports sent from PG&E to the Commission on [November 8, 2018](#) and [November 16, 2018](#). Please monitor the Wildfires page for updates regarding the Camp Fire. This response closes this request.

Please refer to **PRA #18-541** in your communications with the Commission regarding the above-referenced matter.

Very truly yours,

/s/ Garrett Toy
